User and installation manuals:

Please read the instructions before proceeding with the installation:

- Gently remove the packaging.
- Before starting the assembly, check if the product is complete.
- Make sure that the package contains all the components and they are free from damage, check that all cables have undamaged insulation of cores and wires.
- If damage occurred during transport - this should be reported to the seller.
- Turn off the power in the room where the lamp will be installed. Turn off the zone fuses or the main circuit breaker.
- It is recommended that the luminaire be installed by an electrician or a suitably trained person.
- The manufacturer does not include wall plugs with the lamp. It is recommended to purchase dowels specifically designed for the mounting surface.
- Use only recommended bulbs to avoid overheating.

Maintenance Tips:

- Use a soft, dry or slightly damp cloth to wipe the dust off.
- Do not use any aggressive cleaning agents. This may cause permanent stains or discoloration of the lamp
- Keep the instructions for use.
