

Cone | Ceiling Rose Installation Instructions

1. Thread the lamp's power cable through the loop in the plastic strain relief **[2]**.
2. Secure the strain relief **[2]** using a screw or hook **[1]** on the ceiling near the power source.
3. Connect the lamp cable to the power source in the ceiling using a terminal block **[3]**.
4. Slide the ceiling rose **[4]** up to the ceiling and fasten it in place. Tighten the nipple **[5]**.
