**User and installation manuals:**

Please read the following instructions carefully before starting the installation:

- Carefully remove the packaging.
- Make sure all components are free from damage and all cables are completely isolated.
- Use only recommended light bulbs to prevent overheating

**Care instructions:**

- To clean the lampshade from dust, wipe with a soft and dry or slightly damp cloth.
- Do not use any abrasive cleaning agents. This can cause permanent stains and damage to the lampshade.
